

Gulmay Medical News: May 2008

AXrEM

Gulmay Medical Ltd is pleased to announce their affiliation to AXrEM the Association of Healthcare Technology Providers for Imaging, Radiotherapy and Care.

AXrEM are the trade association representing the interests of suppliers of imaging, radiotherapy and care equipment in the UK. Association's primary role is to help promote and develop the Healthcare Technology industry by providing a specialist collaboration to address the regulatory and technical needs of the UK Healthcare market.

AXrEM provide focus for its members on several key areas:

- Regulatory consultation with the Department of Health and other associated government bodies
- Standard contract condition negotiation with the NHS
- Providing representatives for attendance at relevant standards committees
- Representation in the activities of COCIR, the European sector committee for the industry

On the Move!

We have recently moved our production facilities to a new home!

The significantly larger manufacturing site in the West Midlands has allowed us to considerably increase our production capacity and improve procedures whilst maintaining our excellent levels of customer service and support.
